Very few posts (even on F7) and just over a year old -- they have the potential to be kinda well-known I guess but not very likely. I don't know them either

Been here since 2014 but only 337 posts, gonna say they're not very well-known then.

Low post count, low factbook readings, never seen them: they are not well known.

"At the point in time when bullets can pass through the interdimensional walls, when firepower takes up the entirety and eternity of space and time, all being stuck in a neverending life and death cycle as bullets recover and destroy their bodies in quick succession, no one able to think about anything but the sheer force of the bullets rapidly flying literally everywhere in the Materium, turning the Warp itself into nothing but a sea of semi-automatic weaponry, then there will be enough Dakka. Or atleast almost." - The Emperor.
