political powers that you could support.

Monarchy

Obviously this represents Queen Elektra. They can be very physically brutal, but tend not to get as involved as some of the other parties in the daily lives of Hawk People. Also is the one currently in charge. (smaller scale but harsher crackdown)

Noble Councils

They aren't AS brutal as the Monarchy itself. However, since there are far more of them, and simply due to their plans, they would intervene more into the daily lives of Hawk people. They aren't I charge now, but often control things the monarchy overlooks/doesn't care about. (larger scale, lighter crackdown)

Racketeers

less a group and more just a term for lower level people with enough power to abuse the common citizens, they tend to be somehow more corrupt than even the Noble Councils. They include things such as tax collectors. A nation run by them would have no rock unturned for things to meddle with. (Huge scale, tickling crackdown).

As horrible as all of these people sound, I suppose I'd have to go with the Noble Councils. Everyone else is either one guy in funny pants or a bunch of plutocrats with nothing but gain in mind. At least the Noble Council would bicker enough that they might not ever get around to you.
