The child being an orphan

Tired of having to say this: The Kingdom of Voidstania is not a kingdom. It is a communist dictatorship with a weak democratic senate under the guise of a monarchy. Normal country stuff.

Also, NS stats and policies are not canon (Because I have a tendency to click the wrong options and give myself dumb policies)

All rioters are armed with Type 99 Light Machine Guns and have confiscated all the Naloxone in the country. The police get shot and many die of opiate overdose.
