Cuba's economy is dangerously controlled by the mafia and it appears that a second Cuban revolution occurred shortly after the first one.

The country has poor diplomatic relations with nearly every nation in existence, which is impressive in its own right.

The main languages of their nation are English and Asturi, which is, according to its fact book, a simple and easy language to learn. So much so, that even creatures who have different jaws can easily interpret it.

I'm not the greatest at getting down all relevant information in a factbook so if anything needs clarifying or explaining just ask me in TG's.

Anatoliy Polachev, Chairman of the Council of Democrats from 1980 to his forced abdication 1991, was a controversial figure for his attempts to liberalize and "democratize" the Soviet Union; he was a close associate and perhaps even a personal friend of US President Ronald Reagan. He died in the year 2020 CE, at the age of 105, outliving his wife Rumiana Khoniakov by nearly half a century.

Oh shit. That Khoniakov was a mistake that I forgot to edit out. //skip//

They're three species of intelligent life

Note: Many factbooks are in a constant state of WIP or being considered for entire rework or deletion

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.
