I have learned how disheartening it is that their caricature of Trump doesn't actually seem like much of a caricature...

That is to say: there's nothing left to exaggerate.

The word 'tribe' is use extremely loosely. While *some* shape of tribalism exists, these "micro-societies" each have hundreds of millions in population.

Its history is rather similar to that of Australia, wherein after a period of direct rule by exiled foreign settlers, there have been reforms to correct institutionalized flaws to ensure better indigenous and minority political representation.

"The Imperial Insurgency is lead by one "Shadow Minister Lord Immortess"... shouldn't it be Lady? or is she taking up Lord in hopes that people will mistake her gender? Her name does sound like something you would generally associate with a guy so it's a good cop if you ask me.

Lord Immortess was discovered by Palpatine probably as a child and was more than likely brought up to be a tool of the Late Emperors most likely. When the Emperor cannonballed into a reactor, Lord Immortess took control of a large amount of the more fanatical forces in the Empire and regrouped with the rest of the Remnant Forces of the Empire making her defacto leader despite not getting along with the normal leaders in the Junta."

LEEFER OI JENKINS (this must be written in all caps at all times) is a bit of a jack-of-all-trades, as by some fluke of the multiverse he's apparently become skilled in every discipline of the Dominion military despite being what amounts to an overglorified drill-instructor.

Impressive. Most impressive.

Thank you! Haven't really documented the grammar or anything, and those are largely just the infinitives of the verbs and some of the simple nouns that I used to write a sample sentence and some names, but.. thank you!

I learned it is tradition for the coronation of their next ruler to co-occur with some other major event; the most recent coronation coincided with the trial and sentencing of the previous King and Queen, for example.

A large portion of their factbooks consist of pictures which, while interesting, is not particularly conducive to detail. They appear to be babylonian era-ish?

They use NS stats, but only for specific aspects like GDP and HDI. The people also all believe in the same faith, and probably get their door booted in if their social credit score drops too low.

John Adam Ross is currently engaged in a business discussion with the heavenly host in regards to the soul of his too-morally-upstanding-to-be-a-dictator's-friend buddy, Nate. Of course, he had to bite it to get through the door, but I'm sure his charisma will seal the deal, and the merger and acquisition will be conducted smoothly.

That or he'll end up bedding God.
