Much more well known than I am, I believe. Despite being founded after me, they participated in forums before I did. They have over double the amount of posts that I have, and they post in different forums too, while I mostly just stay in F7 (96.86% of the time).

I can't recognize them, but i'm sure they are known by a decent amount of people with the amount of forum posts they have and the fact that they have been here for 8 years.

I'd say that they're pretty well-known at this point, and not just forumside based on the number of endorsements they've received.

Ninja'd, editing...

AN: They're very active on F7 and are recognizable to anyone who spends a fair amount of time on F7.
