Monkey 666 was an unholy monkey of destruction, destroying everything in its path and also monkey 600, screw monkey 600. Then a light in the ashes came, an unknown monkey destroyed the beast and saved the thread. To this day, this monkey is known as a legend that saved the world of monkey genocide.

Monkey 661 was so relieved that he wasn't 666, he didn't even know monkey 660 had been aiming a gun at 661's head.

Monkey 657 accidentally referred to itself as "monkey 658". Subsequently, Odin also struck her as well.

Monkey 651 tried to shoot himself, but the bullet ricocheted off of his skull and into Monkey 653. Monkey 651 got so sad over 653's death, that he himself died.

Monkey 638 was a rich entrepreneur who lived in a tropical island nation enjoying making profit. Unfortunately, his abuse of his employees, as well as other entrepreneurs who did the same thing, would motivate the people to start a communist revolution. Monkey 638 was then arrested, found guilty for "crimes against the workers" by a revolutionary tribunal, and executed by firing squad not even 24 hours after his conviction
