The Future Sound Of London - *Lifeforms*

CVT Temp wrote:
I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Gotye-Thanks For Your Time

I think this songs about dealing with freaking annoying phone related crap. Which feels so appropriate right now after my mom just had to deal with a freaking stupid doctors office to get her medicine through to a new pharmacy that the insurance WANTED us to use or it'd cost us too much.

So in other words a giant load of stupid. Insurance caused the issue, the doctors office made the issue stupider because, after we gave them the NUMBER, PHARMACY and PRESCRIPTION we wanted, they still somehow sent it to some different, completely random pharmacy we didn't once freaking mention, filled the wrong prescription, despite us saying what we wanted TWICE. And it could have just been easy if we transferred it from one pharmacy to the other.

I hate doctors offices. Hell, I hate dealing with all that shit. Well, I haven't yet, but I will, and just hearing my parents dealing with it is freaking annoying.

Gotye-Seven Hours With a Backseat Driver

Sounds like my Grandpa, who likes to dictate other peoples driving as a passenger. Whenever I drive him, if ever, I'm probably just gonna tell him to let me drive the way I drive and to freaking deal with it. And if he doesn't want to deal with it? He can go ahead and walk.
