Bob Dylan - Tangled Up in Blue
From *Blood on the Tracks* (1975)

*So now I'm goin' back again
I got to get to her somehow
All the people we used to know
They're an illusion to me now
Some are mathematicians
Some are carpenters' wives
Don't know how it all got started
I don't know what they're doin' with their lives
But me, I'm still on the road
Headin' for another joint
We always did feel the same
We just saw it from a different point of view
Tangled up in blue*

Male, 23, Indonesian

Major partner in free association with [Faraby](#) (that's my puppet/secondary nation IRL).

[Factbook](#)

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.
-Muhammad Ali

Mitch Murder - Hollywood Heights

Oh mah gawd, I think this comment describes it accurately:
"They nailed that late 80s/early 90s cheese that only late night talk shows could bring. "

Fleetwood Mac - Never Going Back Again

Now two Fleetwood Mac albums and I'm done with 70s high priority picks from the list.

Doom - *Fascist Institution*

“ CVT Temp wrote:
I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
