In other words — and this is the rock solid principle on which the whole of the Corporation's Galaxy-wide success is founded — their fundamental design flaws are completely hidden by their superficial design flaws.

Another one of my favorites by her...but it's depressing, solely because of what it's about.

is thoroughly pissed off

Evil, evil people. I hate them.

[La Dispute-I See Everything](#)

This song depresses me thoroughly.

The worst part is Fiona Apple had that happen when she was 12. Ugh people make me sick.

And I listened to your song. That style of vocals has never really been my type of singing and I seriously doubt it will ever be....I dunno, it just bothers me.

Jon Stewart interview Kofi Anaan.

intended replacement nation for United State of America
(original the character donut steel)

Who is in control of those in control?

Why does Ben Lee (who I assume is the linoleum faced 'wipe-clean-look' profile in the bottom right-hand corner) look like Rene Auberjonois? Why would Odo be hanging around a rubbish looking holo-world full of quidditch goals that vaguely resembles rejected Final Fantasy 13 concept art? And what happened in order for him to want to breath tornados? And how?!... It would take a vaster intellect than mine in order to answer those questions.
