THE ONLY CARD I NEED IS THE ACE OF SPADES, THE ACE OF SPADES

intended replacement nation for United State of America
(original the character donut steel)

Who is in control of those in control?

[Why does Ben Lee \(who I assume is the linoleum faced 'wipe-clean-look' profile in the bottom right-hand corner\) look like Rene Auberjonois? Why would Odo be hanging around a rubbish looking holo-world full of quidditch goals that vaguely resembles rejected Final Fantasy 13 concept art? And what happened in order for him to want to breath tornados? And how?!... It would take a vaster intellect than mine in order to answer those questions.](#)

Diamond- Rhianna

It's an odd version my best friend sent to me that was been stripped of all the dance beats. It's Rhianna's voice, but set to piano. I kind of like it.
