"Say Something"--A Great Big World and Christina Aguilera

This is the one you've been hearing (or soon will hear) on the radio,
so just keep in mind when you hear it that everything else on the
album is twice as good as this, even the solo version of this (sorry,
the duet is nice, but not much else).

Not a huge fan of her but at least she sounds cool and seems vaguely interesting.

Sigur Ros-Breinnisteinn

This album has 4 songs that are some of my favorite Sigur Ros songs ever (All 4 of them dark), but it also has some of my least favorites. Probably would rate this album an 8 as a whole.
