Depends on what kind of "hate" literature and what is considered that. The Federated Empire might have a very different definition of that some other nations would. But if real "hate" literature, they can expect exile for life.

Depends on how exactly the "abuse" was conducted. Mere verbal abuse may warrant a restraining order at most, while severe physical abuse may land the defendant between 5 to 25 years in prison.

Everyone the perpetrator knows is investigated to see if they knew the perpetrator was going to do this, and whether they spoke against it, were silent, or aided/abetted.

All of the following is both enacted before the perpetrator, and televised. Those who knew and opposed it are given a small monetary reward, despite having failed to stop it. Those who were silent are flogged (ten lashes). Those who aided/abetted are beheaded. The perpetrator is then sealed in an oubliette with the severed heads.
