Sons of Liberty - On 2121 in the Commonwealth of Columbia: Finance has become consolidated, people escape to virtual realms for the perfect world, parasocial relationships with machines forms, eugenics has returned and algorithms shapes every part of human perspective in an America stripped of its identity by their Europan overlords. However, a few bands of patriots have taken upon themselves to restore Americana idealism in an age of ironic cynicism after seizing Earth's last remaining nukes. Trying to make them remember America and casting a sword of Damocles over Europe from the oil rigs and bunkers scattered throughout whilst engaged in a memetic warfare over ideals.

This nation is dedicated to the brave patriots of America

Valentine Z / American South / Patriots Without A Nation (or one of his puppets, it's still the same player)

— **The Kurd Republic or Kurdia** —

Founded 1996, home to 76 million proud citizens, 379,000 km of land. Presidential republic with a unicameral legislature and a Supreme Court of Basic and Constitutional Appeals. No official state religion although Islam supported. \$916 billion/D 29.5 trillion. Pro-Palestine (but ambiguous), pro-Ukraine (IC views, not my own).

I use survey style format for making factbooks which has you fill out different fields. I do this because I suck at freeform creative writing, and because it helps me remember things that otherwise would be neglected.
