Man gains some of the memories of his past reincarnations but instead of trying to take over the world. He gets a normal job, a normal house in a normal neighborhood in a normal British town, a normal family and a normal hobby.

While still playing WW2 games with his normal English hound, and he has average skill and normal friends

Man is sick of being reincarnated as a male every single time. So he wishes to be a woman in his next reincarnation.

Man shouldn't do that, as this is thread about Man, not woman.

Cat The O, instead of living a fun and peaceful life, spends most of her time on Twitter

Ninja'd

Man, instead of living a fun and peaceful life, spends most of his time on Twitter. He keeps arguing with someone who forces him to use their preferred pronouns: E

**Non possibile, Entro i limiti**

In Italian it means

Anything is possible, within our limitations

Or at least i hope that's what it means since these days you can't trust google translate. For all I know I could be saying "Your mother was a hamster and your father smelt of elderberries!" PS: If you get that reference then you are very cultured.

Man launders the bills, and flies around strapped to a one-man drone shooting stacks of money at the poor out of his money cannon as he flies by.
