"Something tells me, he's gonna hate me with passion despite all our similarities... might as well declare a war on us and try to "civilize" us, because we are too free and many of us don't follow Abrahamic faiths and we are more inclined to enjoy the life and relax, and because we actually fight and spread our cause. I'll still attempt to persuade him, that it's better to be our friends than enemies. After all, he has much to offer, and we too. I'll await for his response to this offer of diplomatic exchange. For now, I'll plan how to improve economic affairs."-Shawn Bjornson

"So it says here in our dossier that this 'Shawn Bjornson' is the drugged out leader of a bunch of techno-barbarians. Well then, I'm inclined to agree with the document's recommendation - kill the techno-barbarians and confiscate their drugs for our own use. I could really use more booze, and I'm not about to trade with a bunch of barbarians, technologically advanced or otherwise. On a different note, I feel a pinge of sorry for this techno-barbarian leader. After all, what kind of progenitors designates their larvae 'Shawn'? It's such a strange name. And yikes, this photograph is disgusting! It is practically an ape, it is covered in so much unsightly hair!"

"We have zero actually usable information on these people, who they are, what they stand for, anything. As far as I'm concerned, they may as well not even exist. They might as well be a bunch of bots operated by one person behind a screen. Which, if that is the case, that is fucking cowardly, and implies that you would not be able to control your people otherwise. Not that what scant information we have on them can prove they even have a country filled with actual people. I'll have a word with our long range reconnaissance and exploration teams to see if we can find more intelligence on this supposed country and their supposed council. As is, the lack of information is disturbing."

"Great... Eurotrash. Not even that. I've heard that the leaders of old Europe were spineless, weak, champions of the "People"- Read: big businesses- and nowhere is this more well seen than in Mr. Roland.

You were given the greatest gift a god can give you, the ability to rule a nation into a glorious new future by YOUR hand. You were born into luxury, born to rule a realm of tens of millions of souls, and what do you do with that power? You piss on the crown God gave to you and declare that your monarchy shall be some monarchy that plays around with stupid things like 'free healthcare' and railing on 'Social Justice Warriors'. Instead of focusing your realm of pretending militaristic relevancy on conquering land with the bible in hand, instead of focusing your efforts on real change, change that will affect generations to come and allow future rulers to lead the nation into an even future, you've surrendered power to the "people" and allowed your position to squander. 'Absolute Authority?' Please. A majority-vote could remove you from power.

What kind of fucking monarch are you? I've seen tyrannical warlords that throw their soldiers into a meat grinder of death. I've seen hedonistic Kings who ride into town and take whichever woman or man they want back to their castle. Hell, I've seen children who use their powers to get free ice cream. You, you are a special kind of bad. You may not be a tyrant, but you are as weak as a child being told to go to bed. You have fallen right into the hands of rich suited burghers and big-nosed bankers, and eventually, you will pay for it. Who knows, maybe those 'SJWs' you so hate will overthrow you, thus ending your reign of incompetency and weakness.

But I know what you are gonna reply with. You're gonna say something along the lines of how strong your military is. Great! Hide behind the people you supposedly love. Hide behind while a thousand men march to their deaths in some far away land. I know you'd love to fight, but I'm sure you have some excuse to not fight in the battlefield. Perhaps Mr. Noodlearms is sick and can't face me like a man. Or perhaps Mrs. Big-set-of-'personalities' is on her time of the month and you need to stay home to simp for her. Imagine a king who fights his own battles. Wouldn't that be a sight. Oh- my bad. You aren't going

to threaten military action, no, you're gonna listen to some song that calms you down as you scream at me. What are you, 5? Well, given the fact you were a bullied military history nerd, you might as well be.

Good day sir, and I hope you'll do something to change my mind. Because I only see the chopping block in your kins' future."

"As much as your blind criticism envelops your head, i personally made this choice to prevent the rise of potential tyrants and despots..i care more for my people than you could ever do in your entire lifetime, i use my power to serve the nation and it's people.

i don't use it for some pathetic petty thing that your undeveloped chimpanzee brainlet could even think of, i use my military to defend its people and the nation's sovereignty..while you on the other hand do whatever damnable thing you do in your lifetime..i fought in the battlefields to see for myself what war is like..and ever since then i've suffered under PTSD.

I have to go to my wife in order for her to prevent me from becoming a crumbling mess, and what did you ever do? because from what i see? you are just some strongman wannabe and keeping your dignity and face intact.

Oh sure you declined the title of being a hero..and what did that lot do?..i've changed the entire Imperium and let it enter into a Golden Age of prosperity and progress..did you even accomplish something of that magnitude? no? then you should keep your mouth shut and run your petty little nation until it dissolves into nothing but ashes and distant memories.."

- Charles Von Roland, Grand Emperor of the United Imperium.
