Their towns are environmentally friendly and pleasant, the views are wonderful, and the architecture is interesting.

By the gods, what am I looking at?

The Mukuro Clan is not representative of my, nor anyone else's views.

Just two sisters, an ancient ghost, and a supernatural army against the world. NS Stats not used; they are killed and reanimated instead. Really, this is more of a rebellion than a nation. A [38] civilization, according to [this index](#).

We're a part of the Wartorn Realms. This means a puppet of [Caligolus](#)... who we are rebelling against.

No, this is a pretty normal banner for us. This is literally what our nation looks like.

This nation has a retrofuturistic aesthetic and has a lot of skyscrapers, a developed public transport system, and most of their buildings are pretty new, but that seems inevitable as American cities are newer than European ones.

AN: Kiu Ghesik has a focus on the cavalry, probably teaches horse-riding to children at a young age. Their military is cohesive, all under a single banner. They live mostly in the steppes, and their strength is in numbers.

The Immortal Pristine Revolutionary State of Ukraine

SUMMARY: An autocratic technocratic "utopia" with the best architecture and environment in the world, paid by the freedom of citizens.

What do we have to offer? A magnificent timeless architecture, weather-altering BS machines, a pristine environment, a strong military, and a death toll of 10 million from our concentration camps and bloody wars.
