No legislation due to the worms being female only.

Probably a couple days in prison or a fine of their entire collection in NS dollars, I guess?

The punishment is secretly execution without restraint or trial. Counterfeit money destroying our economy, I can tolerate, but this is unacceptable.

Assassinating political opponents in the middle of parliament.

On the spot public execution, either by an officer or anyone else willing to seek a reward for their actions in taking down a criminal (national flag)... Or simply just being barred from many businesses and jobs (allied flag)

Nothing, really, that's not a crime... But the bong with the shank will be apprehended if they try to stab anyone.

Indecent exposure in public (aka streaking or being naked in public)
