"Nekuraholic" - Denkare

Are these "human rights" in the room with us right now?

☐ Professional pessimist. Reactionary socialist and gamer liberationist. Coffee addict. Fun at parties ☐

Freedom is when people agree with you, and the more people you can force to act like they agree the freer society is

You are the trolley problem's conductor. You could stop the train in time but you do not. Nobody knows you're part of the equation. You satisfy your bloodlust and get away with it every time

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
