Ayayay, I've got a cluttered flag so....

To count, we have *El Presidente* James Townes, America-and-Russiaball, and Akitsu Maru from KC slapped into the combined banners of the United States and Russia.

Truly, amazing space management from me.

Aaaay, it's always the rabbit ears. I haven't seen a depiction of her with the cat ears, so I can understand the pain of having to find pics to use after filling a specific criteria.

"Furthermore, I submit that Carthage NSG must be destroyed."
-Marcus Porcius Cato

A traumatized, but recovering, MT-PMT constitutional monarchy consisting of a personal union of Prussia and Poland. A land of rampant gun ownership, governmental schizophrenia, militias with enough heavy weapons to turn an armored division into a badly-shaken battalion of light infantry, and terrified USAF personnel counting down the days until they rotate back home.

Weaponization rate(14 weapons per person) and crime rate(1.77 crimes per hour) both canon. Cry about it.

Although I am currently running election threads I do not understand why most nations who do use election thread to determine who becomes leader. I already have the results of my election thread in mind, I just wanna see who supports who, yknow. I think other NSers who run election threads should also have their results in mind as well.

Literally no one on this website has any form of reading comprehension, we've been through this.

I've brought it up before, but I legit had a group of players try and 'condemn' me (or some other stupid shit) because of an election thread of mine because 'I IGNORED THE RESULTS OF THE POLL, I DONT CARE ABOUT DEMOCRACY', even though my OP literally said that the poll wouldn't determine the election results and was just to 'gauge international support' for the parties running.

Election threads are an inherently ridiculous concept. National *governments*, with very few exceptions like in past elections in the Ukraine, do not endorse candidates; political heads of state/government and other politicians might, but for the most part that's a recent innovation postdating it being a thing on NS. The rest of it hardly matters, because that is all these threads are and will ever be.
