132 Decillion was our population after 2 minutes of division and multiplication, where only 1 Decillion are infantry though as to nerf this let's say only about 10 nonillion was in this universe, though even if only 20% is here (to nerf it) it would still be 2 nonillion, hell 1 nonillion divided into 2 would be 1 quadrillion, let's take away 6 zeroes but, would it work? No, it would still be 1 billion.
