At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

["Wifey Ting"](#) by David Neurotic. I scarcely criticize rap, but I couldn't help but point out that this is the most depressing rap song I've ever heard.

Is that in a good or bad way? Depressing as in the song is terrible, or depressing as in sad?

I guess I could just click the link.... ☐

Mostly sad, in comparison to rap songs I consider to have that mysterious quality that serious rappers seem to strive for. Otherwise, it's actually pretty funny.
