[Assassins Creed: Brotherhood Soundtrack-Jesper Kyd-City of Rome](#)

I love that track as well. It helps illuminate my fantasies of both Rome and the Assassin's Creed at that time. I haven't played that game in so long, it makes me want to complete the campaign all over again.

Still though, I always have a difficult time choosing which Assassin's Creed OSTs are my favorites. All of them possess qualities that some of the other tracks lack.

Europe - The Final Countdown

I support peace in Israel and Palestine. The governments and people in power on all sides are an absolute disgrace, and their unwillingness to pursue peace is a disservice to the people they are meant to be serving. The status quo is not simply untenable; it is unquestionably unacceptable.
