No primary? Then I'd guess their population is lining up on walls after seeing that beautiful red-colored Civil Rights.

They are an island(s) nation. Probably Caribbean.

Sorry for the long wait, but my new nation is still a slow work in progress. Completely new map than this one has.

Things to keep in mind:

- This isn't a single nation, but a whole planet full of many nations. I will usually reference a certain nation when posting.
- The flag being used is just to represent that it is a planet, it is not used at all in the 'canon', as there is no one flag for the planet Instead I chose to just use an image of the planet.
- I've referenced the prequels 124 times on F7.

The Republic of Oswyn Islands • *Unbedeutend, aber stolz*

A small, modern **republic** in Oceania currently under the *Präsident der Republik* **Mariusus Keßler**. Having long been stagnant in its politics and uninteresting in general, the current president is aiming for global recognition for the country and all its greatness.
