I thought the humour of saying no but then still doing A (because both of you stated places that end in A) would be easily understood, but I guess not. So I don't get you at all, since I would've written the same place name regardless. But please do continue trying to deescalate an imagined conflict, "if it means that much to you". 😊

Keira & Berhakonia: Could you take your spat elsewhere, please? Let's keep the thread on topic.

BN: Please do **Keira's** last answer (East Midlands).
