The United Kingdom following the takeover of the country by palingenetic nationalist elements.

Oh great what an original and interesting concept

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.
