They have been created today and this was their first post ever in an NS forum, and remains their only post at the moment of writing this... I think it is safe to assume they are practically unknown. However, I have seen what I assume is their alt nation a few times.

I haven't seen them before, and they only have 22 posts, so I don't think they are well known.

By the way, Procrast isn't one of my alts, just I find the concept of their nation very amusing, and it keeps getting better. However, regarding anogbwt gbwpfg, fqeyde ox fgr xbrqpsg vqfmwt.

For the amount of time they've been here, they've posted surprisingly little. This isn't a bad thing of course, but it detracts slightly from the notability they could have possessed even if they posted once a day. That said, they're certainly not a complete unknown and a decent amount of people will recognize them. Somewhat well known.

They are fairly well known in F7. Not known by absolutely everyone, but most of the regular active people here will be able to easily recognize them.

They have a massive number of posts, however, I have never seen them before. Most likely we do not hang around the same forums, so I believe AN is probably not very well known in F7, but much more recognizable in other forums.
