[Gotye-Bronte.](#)

Still my favorite Gotye song. Gotye does have a variety, though.

And my dad pointed out, because he's a nerd, that Gotye also means "Game Of The Year Edition". It'd be hilarious if that was what the band named themselves that for.

Or guy, or whatever.

This song can still make me sad in the right mood....like right now, apparently.

Gotye is a form of the name Gauthier, the French name for Walter.

Aphex Twin - 4

The guy who made Salad Fingers created a music video of sorts to go with it, he did an alright job.

intended replacement nation for United State of America
(original the character donut steel)

Who is in control of those in control?

Why does Ben Lee (who I assume is the linoleum faced 'wipe-clean-look' profile in the bottom right-hand corner) look like Rene Auberjonois? Why would Odo be hanging around a rubbish looking holo-world full of quidditch goals that vaguely resembles rejected Final Fantasy 13 concept art? And what happened in order for him to want to breath tornados? And how?!... It would take a vaster intellect than mine in order to answer those questions.

There's a feeling deep inside me,
And it's always there to guide me.
It's in my heart and in my soul,
Leading me to the ultimate goal!
You can try your best this might be fun,
You'll go down in defeat before you've begun!

Oh yeah, I think I actually read that somewhere.

Sounds like what I hear without my music....and with it at times. My fan is very noisy. I think it needs to be thoroughly cleaned, because apparently my recent computer cleaning didn't do it any good.

Blackfield-Pain

So now I'm listening to like breakup songs or something). Which I do a fair amount. Which is funny since I've never dated anyone in my entire life, so they don't relate to me at all. Not that most of the lyrics I love relate to me. I seem to just prefer negative lyrics

this masterpiece.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
