Despite all oddities, a new man appears since he has the power of God and anime on his side.

The new man went to the market, looking for food.

Man is revived by strangers. He then proceeds to continue his shopping trip, picking up some sacks of potatoes along the way.

A massive **Planet** appears. It says, "This is the root of all these threads, prepare to die!"

It would surround the thread and set up a system where all life would die, no matter how much was born.

New man, or is there?

As far as I know, this is invariably a certainty...

Man wins the elections. However, during his inauguration he opens a portal into cyberspace, and a glitch causes him to swap with Hacune Miku. Now Miku is acting president, while Man is stuck in cyberspace. He decides to visit the IP address 38.220.48.151.

Miku then gets arrested for being too young to become president, but escapes to a deserted island in the Pacific. Meanwhile, Man finds out that 38.220.48.151 is 4 off from a portal back to the real world.

Isn't the "mapping series" thread essentially this with a lot more people and a periodically updated map?
