I'd say it's summies but I'm more convinced it's just an annoying bitter revenge thing going on to try to bait mods into shutting down GE&T or banning them, for what purpose I don't know, but it's even more braindead than simply flaming/flanbaiting for the sake of a reaction.

Well that's an interesting theory.

In 2021, Lord President George Fenwick lost re-election and sacked Munkchester. He and his son promptly escaped from community service in Sweden to international waters. Today, still wanted by the government, they survive as slavers of fortune. If you have a problem, if no one else can help, and if you can find them, maybe you can hire... the Fenwick Foundation.

If it helps, actually be assured that there are still a lot of good GE&T storefronts out there, and I don't really think the whole place will be shut down just because of that. Maybe a selective ban on slavery threads (yay).

Of course, I'm not a mod, so I'm not making these calls. But it's something that is not likely.

I'm well aware, but it still seems like a piss poor attempt to rile up the moderation team and player base given most people who aren't buying or reacting to the threads clearly don't care.

Made even more pathetic because all you just need to do is to just commit political nicknaming, e.g., call Xi Jinping, well what people usually compare him to, or Kim Jon Un what Trump called him, or what one person did: call Putin an a-hole

NOTE THAT THIS IS AN EXAMPLE AND I'M NOT INTENTIONALLY LOOKING FOR TROUBLE

I don't think it's an attempt to rile anyone up. I think it's just teenage edgelords gonna edgelord. And a certain user is going to make a million puppets that are more or less the same.

No, I just lost the logo I used to use on this account.

That was genuinely one of the most unhinged things I've ever read in all my years of using this site.

Like there's extremist or radical political views and then there's 'occultists and satanists are trying to summon demons on the nation roleplay site'.

I remember when the Give AN a Culture Shock thread (the original one) that one of these satanist nations were like

"We are demons, we are atheists, WE ARE DEMON ATHEISTS"

and I'm just like, NOPE, and /still me'd them cause I thought they were a tryhard edgelord

A more vintage cliché is people putting 'Mods Only' in their thread titles in Moderation to let other people know you don't want them to chime in with their opinion when you report a post for possible rulebreaking.

Honestly considering that people *still do that*, maybe we should start doing it again.

Oh, I'm not hating on edginess, even to seem cool. I'm just remarking that it's a common fixture in many types of writing, one that serves a variety of purposes - from making your military spaceships look heckin' cool to making a bad boy romantic interest who doesn't play by the rules.
