PMT/Early FT - Decopunk. Zitravgrad is a crowned republic in a planet somewhere else in the universe. The formerly wartorn nation keeps a facade of normalcy and order while enjoying the societal and cultural decadence that marks the new Roaring Twenties. The paranoid authoritarian government tries its best to uphold order in the face of uncertainty, while its people want nothing more than a breathing space. I do would love to give my opinion on Mr. Vladimir, who is right beside you, as well, but I think I will leave this to the Fate to talk about! Hmm, yes. Quite a tall man, aren't you? 195 cm is a pretty nice stature, and not very "Oh my good God, you broke the roofs!" kinda thing that I am usually associated with now. I mean, not that we know about this through precognition... okay, maybe we do! Anyway, I do love the energy of Mr. Vladimir as well! I do say that he is quite a poetic man, no? As for yourself, Mr. Kazimir, you look rather young for someone who is 49 years old, and that's quite something! Ohhh, I do hope that you put in more color photos in your dossier. I mean, greyscale photos are nice, but colors are even nicer! Hmm, Gwen and Jolyn will be talking to Mr. Vladimir right about now! See you for now! ^_~!

Well, I am not here to judge you based on your political views. I mean, such a thing is not exactly what Valentians do- maybe except for a few cases here and there, but trust me, they are for extremists that we are extremely uncomfortable with. As for yourself, and Mr. Kazimir, I do believe that this is a wonderful friendship! I am glad that two of you get along together, unlike a few others. I won't really let Samantha-Higgs near me, if you know what I mean. Ahh, either way, I am still positive on you. I am sure that Jolyn will appreciate this very, very much, seeing that she is right here, and she is smiling gleefully! (You seem to know a little about the meta world. Mr. Vladimir, that was possibly one of the best things my ears have the pleasure of listening to, and I am quite elated, if you can't tell by my voice as of now. Ahh, banter aside, that little poem and song was already a cherry on the top of this cake that is Valentian-Zitravgradian relationship. I think both our Russian cultures should meet each other more often, you know? Unfortunately, that is still a work in progress! Ahh, very, very positive, still. Yeah, about the culture

"Hmmm... I am bored and I am gonna take a random file and rant about it. Damn! Fascist again! He is too hellbent on killin' all and any supernaturals, that if he sees at least one of those in any country, he's gonna go to war with them, no matter the odds. Maybe Neo-Unified Nations will get their asses handed back to them, rolled in a treaty, where it's stated, that Nathan gonna be tried for all his warcrimes. Either way, since we are accepting to supernaturals, he is a threat to Skyhooked, and that's why it's important for us to make plasma weapons more available. Funny things, is that we both try to protect humanity and unite it under the black flag."- Shawn Bjornson

"I still don't understand, why she deems us to be a threat? She never crossed us even a single time! So we don't even have a reason to do anything against Godular. Why won't she relax a lil' bit and maybe, just

maybe agree to trade with us? I do hope, because who knows, if she's gonna inflict the alpha strike upon us. I mean, we ain't afraid of them, but would be better if we cooperated somehow."-Shawn Bjornson

"To allay your fears, the fact that you are considered a 'higher' threat does not inherently mean we're mobilizing against you. It just means that should our respective spheres come into contact, your nation will have an elevated priority for action, whether by diplomacy or by other means. It means we respect you. *I* might not, but the others do for... reasons?" -Ilia
