If you've never listened to Steam Powered Giraffe before I suggest you do. One of the siblings is David, and he along with his sister and best friend are absolutely beautiful musicians. This song is as smart as it is powerful. This is a single by David that the whole crew has

I like After the Fall, but I like a few others more. Jump, Archangel, Strength of a Thousand Men, March of Destruction, and My Freedom are really good. If you haven't heard those you should.

I tried to get into Two Steps From Hell (A bit), but for some reason that style of dramatic music kinda bores me. But I may give them more of a chance later.

If you don't like them, you could try X-Ray Dogs or Audiomachine. Though it's still neo-orchestral, they have their own style separate from Two Steps.
