whole time.

[The Place Without a People](#) • [The Dominion, briefly](#) • [The Liagolas \(leader\)](#) • MT.  
The dystopia pretending to be a hivemind. • When NS stats make your nation look *freer* than it's meant to be. • Security Council: *\*dips toe into roleplaying\**  
General Assembly: *\*slaps SC\**

In insisting it's a political simulation, NS ignores its reality as a political simulation *game*. Games have boundaries, and modern roleplaying games have safety tools. NS has neither, leaving it stuck as a badge-collecting pay-to-win where causticness is excused as "character," grieving/raiding is "just politics," and F7 is more courteous than General Assembly.

Amenria wrote:

This tbh, why would your ideal country have a leader that isn't a beacon of hope for [insert your ideology here]?

While one can definitely use their nation as a direct, positive representation of their ideology, paradigm, or world-view, that isn't always an author's intention. In my case, I decided to world-build Fahran to enable me to write flowery descriptions of horses and depict a culture that valued poetry and faith. When I began to consider the themes I wanted to convey, I thought I could do quite a bit by portraying the futility of vengeance, the horror of war, the struggles of naivete and innocence in a world that often treats those traits with contempt or indifference, the pain and melancholy of traditions passing amid modernity, and the often harmful aspects of those same traditions, as well as industrialization and modernization, on people and communities.

My two principal characters, Hazea and Soraya, are not paragons in any true sense. They're people striving for actualization, meaning, and love amid the struggles of exile. Often, such characters seem small and weak when measured against the impact of the events they put into motion, but this makes them beautifully, even painfully, human, and, hopefully, offers insight and a compelling story to draw in readers and fellow RPer/world-builders.

That's not to say that there's anything at all wrong with ideological paragons or even ideological villains, both as characters and as nations. They can drive home relevant themes as well. It just depends on what the author/RPer wants to do and convey. We've all got different reasons for being here and different stories we want to tell.

Researching foreign regions can be fun. There's tons of untapped material hiding in plain sight.

**The Avant-Gardist State of Patagonia** ~~~ *Gauchos and Mapuches, orgies and parties, avant-garde art, futurism, syndicalism, the New Man, general strikes, the glorification of violence, spiritual nationalism, esoteric occultism, CIA spooks, Spartanian homosexuality, public sodomy, and more*

#### Triomphe du Surréalisme (1968)

- There are many things said about Patagonia but few actually know what goes on behind the Andes mountains. Tales of human depravation and man's inner darkest self run wild. A place where avant-garde culture flourish and the artist don't fear the censor. Where all live bold and free under the gaze of the Patron. Yet all dreams will come to an end soon...
- Not expecting an essay. Just a couple of sentences that shows that you know my work well enough
