AAN: It very much depends. Low treason is just stuff like leaking top secret government files and refusing to contribute to society by not paying taxes and stuff. For that usually 10 years in prison with probation possible. If high treason, which is actively helping a foreign nation undermine TGEC or commit domestic terrorism then that is anything from 40 years to life in prison. The death sentence is abolished.

Ninja'd

AN: That is at least 20 years in prison for severely disrupting military operations plus 5 years and massive fines for actually hacking. So just hacking into the network is 5 years and using the network is 20 years

Unfortunately, this isn't outright banned, but in Liberza communists are hated and political parties for communism, and any sort of extremism, is banned on the spot

/reserved DEFINITION:

To reserve a post as to prevent being ninja'd. This is especially useful for having posts that may take effort or a good portion of time to make, as there is a greater chance of such things being ninja'd than a slash and a word. Only practical in some threads compared to others. The idea is to put /reserved first and edit it once you have a proper answer. As such, you are not ninja'd. BN will do you as long as you eventually edit your /reserved into a proper post.

This would be charged as a 1st-degree antirevolutionary act against the People, leading to the offender being enrolled at an Institution for Rehabilitation and Re-education for a period of 15-25 years. If the act was carried out as murder or attempted murder, the enrollment period is increased up to life, including a specified number of hours of Patriotic Revolutionary Labor. Early graduation from such institutions is possible.

If the harrassment is violent in nature, then prison. If by "harassing" you mean "annoying" there is no punishment.

Doing all three of the following at the same time: wearing a fake monitoring ankle bracelet, wearing an eyepatch when you have healthy eyes, and tattooing your forehead with a misspelled and or obscene word.
