Have you listened to this song? I vaguely remember you showing mentioning this band.

It's one of the best videos. Something entirely out of the ordinary.

I only know one song by the band so far. I showed you it and apparently you went and checked more of them out ☐ Really enjoyed the song I heard though, even though the vocal style isn't something I usually care for much at all. The guitar solo in the song I heard is one of my favorites. I think the instrumental work really helps it for me.

Karnivool-Om

Last song of the album. I'll probably call it a night now.

Try this! Not sure how to describe this one, but I know it's in your category.

What came to my mind was like an arcade games horror music or something done in a metal form. Something like that anyway. Carnival horror music? I dunno.

I feel like getting hit by something quite heavy. Behemoth isn't doing it. I turn to Dir En Grey for satisfaction.

Porcupine Tree has some pleasant lyrics...

I've got wire loose inside my head.
I've got books that I've never ever read.
I've secrets in my garden shed.
I've got a scar where all my urges bled.
I've got people underneath my bed.
I've got a place where all my dreams are dead

It's so erotic when your make-up runs~

A few minutes with me inside my van should be so beautiful if we can~

These lyrics just sound like they are about a bad person.

Oooo I love the look of runny make-up. The smeared eye-liner and eyeshadow look is quite sexy. ☐

It seems Dir En Grey has made new songs since last time I went through them extensively. This is excellent. Heavy music with these soft vocals.

They released an album this year. I think I only listened to one song. And most of it is remixes of their older songs, I think.

Not much different from myself, other than the people under the bed part. And not the van.

This song is so very beautiful I have to listen to it again now. I'm very surprised by this one far surpasses their other songs.
