"What.Even.Is.This. I never thought that I would ever see something that is a combination of a twoleg and a cat. However, his appearance is more similar to the kittypet, in which case it is less outrageous - those seem to enjoy their life, after all. If this was a clan cat, I would have gone crazy. I hate saying this, but he is better than those other twoleg cats called "Jellicle cats", which meow awful melodies. I disagree on his friendly stance with dogs, however - those friends of twolegs can take the life of a cat easily, especially if they have gone mad after escaping from their owners. But hey, so far you seem to be living in the twoleg place called London, and maybe your twoleg features are why the dogs find you okay. So yup, stay there - you wouldn't want to experience the wild forests, where survival is never guaranteed."

"Lesharo Wiker seems decent enough. I doubt we could be good friends now, time cools the passions for revolution doesn't it, but in my younger days I may have supported him. I rather hope he ensures that those who follow him are liberty-loving democrats, but for the sake of stabilization, a short term dictatorship can be useful. "We did not reform Islam my friend. Me and my late father simply began implementing Islamic law correctly without any bias. Regardless of rich and poor, man or women, strong or weak, a crime is a crime and justice must be served in order to keep the moral integrity of our society. We have not unified Islam, although we dream to see a united Muslim world, we have however managed to unify the Muslims within Deccan. The Muslim world however is still fractured, and healing it will take time. For your concern regarding reserving lashes for grave crimes, my friend if minor crimes against morality can have you end up getting 100 lashes then you can only imagine how grave crimes against humanity such as murder, rape, terrorism will be treated in Deccan.

We are shields for the weak and vulnerable, but we are swords to the corrupt. We cannot let the sword rust. As an expert with weapons yourself, you know well the consequences of using a rusty sword. We have always seen you as a dear friend and may our brotherly spirit last for ages God willing"

"I can relate to the twoleg in question being considered a loner - I don't want any mates or kits, as I can take care of myself well. However, him having powers is something that makes me confused - how can a twoleg have any powers, not even talking about those on par with the StarClan? I thought, that twolegs mostly relied on their monsters (automobiles) or other things to do their work. I suspect that he is not an usual twoleg. As for his ruling style, it can be summed up to "was with rogues for about a year, which definitely had a toll on his capability". I don't understand half the ideas (ideologies) which were listed to him, but he seems like a soft-pawed ruler - reminds me of Fireheart and Bluestar, hmpf. Not sure what he thinks of cats either, but yeah - a kittypet would be better for you than a clan cat. Overall, the opinion on twoleg is pretty negative."
