Monkey 836 wondered why anybody would jump into fruit punch. When he went over to ask, the edge of the pool crumbled under his feet and he became one with the magma.

Monkey 833 said: "We must do something. Too many monkeys have died!"
"Died", said another monkey."Past participle of "to die" is "died. It is an irregular verb."

Monkey 833 said:

"And dying is a unregular activity"

"an irregular", said the monkey.

"Oh, you are a grammar nazi! Why do you care for form and not the content?"

"He said the forbidden N-word!", shouted the monkey.

"The N- word for people with dark skin does not even make sense for us"

"Nazi-Sayer!", shouted several monkeys. "Coconut him!"

He was coconutted to death.

But RNGesus liked him and turned the wheel of fate again. He knew: Who is dead, does not have to stay dead.

In a country far away, the monkey was reborn as something special and beautiful. And he remembered everything.
