Blue neon cities and traffic may hurt the eyes in the long term, because it is in fact blue, but at the same time very cool to sightsee. Probably going to be disappointed upon going back.

Perhaps. There is much that I agree with- as well with stuff I don't. However, I might just consider it, but it wouldn't be my first choice.

Can't say I would, I'm not really a fan of anime, and living under that nation's flag would make me a little uncomfortable.

Anjoua's culture is a bit different from what I'm used to as well, so I wouldn't live there either.

-The United Federation of Planets- is a Star Trek-themed Nation set during the 2260s. Although we are based on the Original Series and JJ Abrams movies, the lore is fairly different from what we're based on. We do not use NS-Stats since they were designed to be used by modern nations, they don't fit too well with sci-fi themed ones like the Federation.
