Refusing to hand over a pen to a shady government official?

Not illegal or an (actual) issue, given all gov't officials should have spare pens anyways. If they lack a spare, that's their problem.

Practicing medicine without a (gov't mandated) license.

We don't really have a parliament, but if you throw smoke grenades inside or outside Fort Kalinka (where majority of the government building is), you will be instantly shot from the soldiers guarding at the walls.
