The sound of... silence. Plus the usual ringing in my ears caused by too many decades of REALLY LOUD STUFF (wot? Eh? Frilly crowd fluff, you said?)

Pre-ordered this album since the tickets for the concert sold out so freaking fast.

Edit: It was pretty much to replace the early birthday gift, since we can no longer go to the concert as a birthday gift.

Rave Rave Rave, Bonaparte.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
