Florence and the Machine - Breath of Life (my national anthem)

*Do you hear that? It's the sound of battles fought and lives lost. It once pained me to know that I am the cause of such despair. But now their cries give me strength. It is my power. I will give this world the Queen it deserves... I am the fairest of them all.*

Why would you listen to anything else?

Despite the fact I actually quite like that song, along with a fair amount of other things Hans Zimmer has done: Listening to nothing except that would get extremely boring. That's why I would listen to something else, and a lot of something elses:P

Whatever that means.

Eduard Khil, but not the Trolololo one. Unfortunately, I have a line from RT that he has died.

Wound Upon Wound, Gorgoroth.

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

Champagne by Cavo

I am letting this nation die. I may or may not return after a long fucking while. I need a break from all the LYING AND CHEATING.

Oh, wait. That'll probably continue. I'm gonna pretend it's not happening, then.
