The West won the world not by the superiority of its ideas or values or religion ... but rather by its superiority in applying organized violence. Westerners often forget this fact; non-Westerners never do.

I'm not sure what kinda music you'd call it, but I am currently listening to a mix of Electronicos Fantasticos and Open Reel Ensemble. I love their creativity. Here's some examples. I hope you like it. Modern Japanese music is some mad crazy insane stuff and I say this as a casual noise and drone enjoyer. Love me some Boris, Merzbow and Gerogerigegege.

Good taste. DSBM is very therapeutic at times. True doomer music.

Welcome to the Jungle, by Guns N' Roses, music was featured in the Mr Incredibles '[...] getting old' meme. I'm not actually listening to it but I am getting an earworm and still is humming the song.

Sonic Colors OST - *Reach For The Stars*

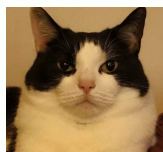

This song has been on repeat for a good solid few days just because of how easily it can put me in a good mood. It's so cheesy, but it's effective.

Imperial States of Duotona

Duotona is a nation nestled in the Pacific Ocean. Marked by the scars of its bloody past, the people of Duotona persist and have given the nation a voice from which it preaches the word of peace and democracy across the globe!

Nation reflects OOC views. NS stats are sent to the shadow realm.
