Hmm... it seems that their nation's culture is primarily made up of:

1. frequent battles, which possibly link with the following pictures,
2. mass depravity and degeneracy with the women that they have captured, and
3. rampant slavery, most likely made up of the people still living after their homes and towns have been besieged by them.

Now I'm no historian, but that's what I'm getting from that banner.

As they don't have a primary banner, I'll guess they're quite indecisive.

An Oligarchic state where the ultra-rich govern a nation of entrepreneurs and innovators. Just as corrupt, hedonistic and materialistic as you think, despite its progressive policies and emphasis on quality of life.

A confession I guess

It is 540 BCE, Cyrene is just one single 15 hectare Greek/Hellenic city. But it is also the only city in Cyrenia(and Libya). Hence the rulers of Cyrene claim to be rulers of the entire Africa East of Egypt and west of Carthage. It is the most isolated Civilized settlement in the world, yet it has managed to flourish well through trade and learning with the Hellenic world.

2289 A.D.

In the early 21st century Siberia was struck by a massive asteroid that brought untold devastation and the collapse of almost every government. An alien virus, capable of mutating its victims, was brought to Earth as well. Eastern Europe, Siberia, China and countless other regions fell to the mutant horde. Europe became a medieval landscape ruled by feudal lords. The Middle East unified into a single Sultanate over time and entered a golden age wherein they have learned to co-exist with mutants. The Americas, which have lost contact with the old world, have turned into a Mad Max hellhole.

The time has come to make yet another nation. You'll probably recognize me.
