I just want you to please note that any knowledge I show throughout NS is based off of a 3rd grade education. All this means is that I probably know absolutely nothing about any subject I post about.

This is a puppet of the nation, Alevuss. I have the same political stance on everything when out of character. In-character, it's a despotate, required to hold elections and certain rights by Alevian constitution since 1999. Also, the colony is called Alevuss Puppet, but is sometimes referred to as Alevian Morocco.

Switzerland in Eurovision.

The United Federated Districts of Hevora. Or Savedland, as it is often hideously anglicized...

We are a large, free, powerful and beautiful country with a very long history that stretches back thousands upon thousands of years.

We are a union of many nations and cultures. The most dominant and shared by almost everyone is that of the Hevoran (Savedlish) People. It has its roots lying in an ancient creole culture that emerged from extensive contact between a bronze age hellenic and norse civilization which evolved convergeantly on an fictional, alternate universe Earth.

Bit weird, I know. But we're a lovely culture if you care enough to get to know us! :D
