Assasin's Creed and something futuristic.

Saarkon is Central-European-like social democratic federation, formed from small Slavic republics.

I generally use NSStats. Except population. It's always 286 million. Saarkon is MT. Sorry for spelling mistakes, English is not my 1st language.

Currently this nation is under construction because I abandoned it for a year. Hopefully I will return to RPing soon.

Speaking of Hentai...
(Tentacles)

A heavily Touhou-inspired nation. I'd rather not use NS Stats if it can be avoided.
