Fairly known, I'm guessing.

All NS Stats are canon.

Oh, and I guess you can make up anything else about this nation, like geography and such, based on your own imagination. I don't really plan on writing lore on this nation, at least for now.

Definitely has presence in F7 and possibly in their own RMB. So I would say fairly known.

They'll have been active for a full year next month, yet they've made surprisingly little posts in that span. That said, for what they have posted, they've attained about a bit of well knownness.

This nation is quite well known and liked far and wide, and by the sites rules, they always abide. From F7 to factbooks, and the information forums too, there isn't a single person who doesn't like you.

Incredibly well-known, particularly for their in-depth and useful indexes as well as their immaculately formatted and amazing website-style factbooks. To me, and to many others on F7 and the forums in general, they're someone we'd gladly call a pal and always look forward to seeing them in a thread.
