If looking from a different perspective, it has bit of a corporatist vibe, and is somewhat similar to the flag of Federation from MW2.

Show Spoiler

But otherwise, it isn't an evil flag.

Not really planning to use this nation for F7 posting and RP, I just did a small makeover for its new role.

The United States isn't the most evil country in the history of the world. A country can't be evil. It's all about Imperialism and Capitalism, dont worry it's the same for every other capitalist country in the world 😊
