Well anyone who has been here for a few months (or at the right time) will have probably vaguely seen/remember AN, AN is active periodically so I would say known to some extent

Seen them around. I wouldn't be able to connect the flag to its name or general idea of what the user is like, but I'd recognize Drongonia's flag or name if I were to see it.

I've seen them around in F7 a decent amount of times and I can recognize their flag as them.

I don't really know much about AN, but they are pretty distinct from other Users by their flag and their name.
