Given they're new (even newer than I) and haven't made too many posts, I'd say they're not entirely that well known. That said, there are certainly far less posts one could make in the time frame they've been in existence, so I'm willing to bet at least some would recognize

They're probably quite well known, though their very odd name and non-standard flag makes them ironically less recognizable to me personally. I don't really know or recognize them, so my answer might be inaccurate.

They are very well-known on F7, or at least they should be. They've got some of the most unique, funny and interesting factbooks and lore around.
