RAYE & 070 Shake - Escapism (slowed + reverb). It was one of the first songs I listened to, after my most recent exam last week, while walking alone at night away from the university for an hour before going home. Hopefully, I can recover a bit amid the stress and slowness, and also develop my nation's lore too. I need to sleep earlier too! As a result, the song gets me in the feels about the level of burnout in recent weeks. *I don't wanna feel how I did last night, I don't wanna feel how I did last night...*
